

**NOW** available for  
General Motors dealers

AUTOMATIC INSPECTION FOR

**LOANER FLEETS**  
**FROM HANDOVER**  
**TO DROPOFF**

**CHECK IN**

Vehicle drives through the UVeye system at your service lane. Within seconds the tires, underbody, and exterior damage displays within OnTRAC and is shared with your customer

**CHECK OUT**

The vehicle returns to the dealership and new damage displays within OnTRAC and is shared with your customer

- ◆ **Damage and liability** - your dealership can save thousands of dollars per month on loaner fleet damage
- ◆ **Customer experience** - transparency and visual condition report within seconds
- ◆ **Automation** - eliminate the need for manual walk-arounds

UVeye is the world's first automatic inspection device based on computer vision to enhance your service and sales departments.

Partner with UVeye **TODAY** to elevate your loaner experience, and much more.
